June 24, 1982

Dear Mr. Powell,

I appreciate the honor you have done me in inviting me to be a member of the round-table discussion on the early schools of Carbondale and regret that many responsibilities will prevent my participation.

I am sure that everyone in Carbondale must be grateful to you and your brother for all that you are doing for our city, and I wish you both continuing success.

Most sincerely,

Romaine M. Prince
